

September 23, 2024

Commissioners,

On August 26, 2024 the Kimball Transit Advisory Board convened for a regular monthly meeting. The members present discussed the items on the agenda. The recommendation(s) approved by vote is:

Approve and sign the contract between Express Arrow and KCTS.

Board's additional discussion that should be noted:

1. The route & service to meet the contract already exists.
2. Gives local residents away to get to towns in Wyoming KCTS doesn't serve such and the University of Wyoming.

Additional considerations:

1. Potential to provide a small amount of additional revenue, although it is small enough to not be budgeted.
2. KCTS will receive additional free advertising.
3. Partnering with other transportation agencies gives a competitive advantage on grant applications.

Sincerely,

Christy Warner
